Dr. Lyons received her graduate degrees from The University of Pittsburgh, Graduate School of Public Health, and Department of Human Genetics. In 1992, Dr. Lyons joined the National Cancer Institute, Laboratory of Genomic Diversity for her post-doctoral career in comparative genetics. Whilst at the NCI, she helped organized the Feline Genome Project. Dr. Lyons developed a feline genetic mapping pedigree using natural mating and assisted reproductive techniques between domestic and Asian Leopard cats. These hybrid cats are known as Bengals by cat breeders.

In the fall of 1999, Dr. Lyons joined the University of California, Davis, School of Veterinary Medicine, Department of Population Health and Reproduction. The laboratory's major focus is the genetics of the domestic cat, including disease, inherited traits, and population diversity. Dr. Lyons' research laboratory has had success with the identification of the gene causing Persian cat polycystic kidney disease. The laboratory has also identified the mutations for Siamese, Burmese, albino, chocolate and cinnamon coat colours as well as the mutation causing cat blood group B. Each of these mutations can now be used as a genetic test in cats. The Lyons' laboratory has been used to confirm the cloned domestic cats and African wildcats and also the first green fluorescent protein (GFP) cats. Recent work has included the analysis of the origin of cat breeds and the sites of cat domestication, which resulted in a documentary with National Geographic as an episode of Explorer entitled "The Science of Cats"

2012 JUDGES PROFILES

I have been judging since 1998, starting out as a Siamese and Oriental judge. My Home panel is Kwa- Zulu Natal Judges Panel, proudly affiliated to The Southern Africa Cat Council (SACC). I have been privileged to judge all over South Africa, Zimbabwe as well as Australia and New Zealand. I am an all breeds judge and currently I am the head tutor for my panel.

Cats are my passion and have been so my whole life. I bred my first Siamese litter in 1973, but decided to wait until my 3 children were older. I became actively involved in the cat fancy in 1987 when I started showing and breeding Siamese seriously. I have been successfully breeding under the *Taigha* prefix and will continue to do so as long as I am can. I have had many best in show winners as well as 2 Cat of the Year winners, a Neuter of the Year winner and 4 Kitten of the Year winners, also numerous finalists. Currently I have added the Siamese and Orientals 'with White' to my breeding program. I adore colours and I'm having a wonderful time breeding these flashy cats!

I look forward to visiting Australia and New Zealand again, meeting fellow cat lovers and judging your beautiful cats.

I'm an International FIFe all breed judge. I took my first exam 1986 (Persian & Exotics) and my last part 2011 (Shorthair). I started to breed Persians 1978 but now I dedicated my breeding life to the shorthair variety of the Persian – Exotic.

My cattery name in FIFe is: Star Wars that I have together with my wife – Annika Billing. We have bred several FIFe World Winners, European Champions & European Premiers. We have also bred FIFe Junior Winners and Distinguished Show merit cats and FIFe Scandinavian Winners. I also have/had Norwegian Forest Cats, Maine Coon and Siamese cats. Next breed the hopefully will be part of my life is a Devon Rex. I judge approximately 35 weekends per year (in Europe). I'm looking forward to the experience to judge here in Australia.

Amanda Bright has bred cats for over 40 years. Her CFA/CCA cattery name is Kyina which was founded as part of a family hobby. Later she and her husband registered a unique cattery name, Talisker, with TICA. Amanda started her judging career in CFA but later moved to TICA where she has been judging for over 10 years--altogether she had been judging for close to 20 years.

Amanda has had many breeds over the years. She started breeding Himalayans back in 1970 and so is familiar with the challenge of breeding newer breeds that still have a long way to get to the desired level of type. She acquired Persians to help with this progress and fell in love with Persians as well. She continued to breed Persians as well as Himalayans Burmese joined the family hobby when a friend needed an adoptive mother and 2 Burmese babies came to nurse on one of the Himalayan females. Amanda also bred Abyssinians as part of the family hobby and her first Russian Blue breeding program. Eager to learn as much as she could about all the breeds, Amanda agented other breeds including Cornish Rex and Manx. Kyina also was the home of some Siamese and Colourpoint Shorthairs. Together with Bailey, she had a Bombay and a couple of Turkish Angoras, but Russian Blues still held her heart captive and Bailey's too so today Amanda breeds Russian Blues exclusively. Their Russian Blues have received multiple awards and are in breeding programs around the world. Amanda enjoys watching how her cats contribute to breeding programs and the directions the different breeders take. An avid historian, Amanda researches the breeds and history of the cat fancy which she shares with the world via her website. She has written a number of articles for publications around the world and focuses on developing educational breed seminars as well.

Dr. Heather Roberts is an American International Allbreeds judge in TICA and serves on the TICA Genetics Committee. Although originally from Texas, she has lived in California for the last 11 years. Currently she is the Dean of Sciences and Math at a small college north of Sacramento. She is married to Jeff Roberts, also an Allbreeds judge in TICA. Their cattery was called "Chaparral" for 12 years, but they recently changed their name to "PuraVida" to reflect their love for their retirement paradise in Costa Rica.

Heather breeds Singapura and European Burmese and finds the incredible intelligence of the Singapura and the laidback personality of the European Burmese to be a nice balance in her life. Their breeding program focuses on healthy cats with loving temperaments foremost. She has also shown Bengal, Cymric, Siberian, Maine Coon, Somali, Bombay, and household pets. Heather also is the Breed Committee Chair for the Singapura breed section in TICA.

She has had the extreme pleasure of judging in Australia and New Zealand several times over recent years. She enjoys the countryside, the new friendships, and of course the fabulous quality of the cats. She has imported cats from Australia and New Zealand into the United States for use in her program, and has exported cats back to Australia in an effort to truly internationalize some gene pools. She hopes to someday import a lovely Burmilla for her and Jeff to enjoy and promote in TICA.

2012 JUDGES PROFILES

<p>It has been a wonderful privilege being able to handle and assess the beautiful longhair cats. I have been trained as a New Zealand Cat Fancy Judge for over 12 years. I thoroughly enjoy and am always honoured by the opportunity to judge, and strongly believe that the cats are always the stars of the show, and making the experience as enjoyable for them is essential. A successful show can't exist without each cat, exhibitor, worker, fellow judge and members of the public and it is really important for me to have that focus when I am judging.</p> <p>Together with my husband, Robin, I have been a breeder for over 20 years of Persian and Exotic cats, under the Legacy Prefix. Bicolours and tabbies have always been my passion and I have been blessed with wonderful friends who started me on this amazing journey.</p> <p>Thank you for the opportunity to judge for the first time in Australia. I wish you every success for the show and look forward to meeting both the people and the beautiful exhibits on show day.</p>	 <p style="text-align: center;">ANNETTE DUNN</p>
<p>My interest in the showing and breeding of cats has been an ongoing love affair since the 70's. During this time, under the Iluka prefix I have bred Siamese & Orientals plus related breeds. Burmese I bred with my daughter under Tartarus & with Ann & Pete Skilling under Chuntao. Recently I have been breeding British SH, Scottish Folds & Russians, on my own Iluka prefix and with Jo Millar under Illusion.</p> <p>I am a Senior Shorthair Judge and an Intermediate Longhair Judge and hopefully will be a ALL BREEDS judge by the middle of 2012.</p> <p>I wish the ACF National all the best and hope the competitors enjoy the show.</p>	 <p style="text-align: center;">MARG HARRIS</p>
<p>My involvement with the cat fancy started for me when I attended an All Breeds cat show in the late 1960's. This was the beginning of my interest in longhair cats. In 1976 I was granted my Prefix under the name of 'Taniver'.</p> <p>I am still experimenting and breeding with the smoke gene, which has, and is, the cause of many interesting discussions. My cattery has only ever been a very small, selective breeding cattery, mainly breeding pure Persian lines.</p> <p>In 1986 I attained my longhair judging license, and then progressed to longhair tutor judge in 1997. My time and involvement spent training and mentoring new judges has been a great experience and challenge.</p> <p>I look forward to judging your precious felines and wish the association every success with the show.</p>	 <p style="text-align: center;">CHERYLE ST. CLAIR-NEWMAN</p>
<p>After retiring from veterinary nursing, I began breeding Burmese in 1993. My first queen, being a lilac tortie silver tabby, was my baptism of fire into the world of breeding in New Zealand!! My love and knowledge of genetics grew rapidly from that point. (I have bred Mandalay's, Tonkinese and Burmese) Because I enjoyed breeding and showing this led to handling and stewarding at shows and combined with my love of all cats, I trained to become an NZCF Shorthair Judge. I began judging Pedigree Shorthairs in 2001, throughout New Zealand, at senior level since 2003. I am currently considering doing Longhair training to become an All Breeds Judge.</p> <p>I spent some years as NZCF National Secretary and then Executive Council Secretary, and assisted with the preparation of several National Shows – Good Luck and Best wishes to the Show Team!</p>	 <p style="text-align: center;">GAYE TEAGUE</p>
<p>Ray entered the cat fancy in 1984 and with his partner Trevor Cox is currently breeding and showing Burmese under the Kittykatz prefix. They have also bred and shown Persians, Abyssinians, Australian Mist and Devon Rex (under their Devon Rex prefix Katzknurls). They have bred and show many best in show and best of breed exhibits and have achieved Prefix of the Year, Cat and Kitten of the Year and Best of Breed annual awards.</p> <p>Ray gained his Group 1 licence with QFA Inc. in 1991 and after several years break from judging gained his Group 2 licence with FCCQ in 2007 prior to his return to QFA in 2010. Ray has judged in Queensland, Victoria, NSW and New Zealand.</p> <p>Ray has made many friends within the cat fancy and enjoys meeting more with each judging assignment</p>	 <p style="text-align: center;">RAY CLARK</p>

2012 JUDGES PROFILES

<p>As an All Breeds Judge and a teacher of senior secondary students, I have been privileged to be able to pursue my love of cats and education. As I have been part of the cat fancy since childhood showing at my first show at age 12, I am very keen to encourage youngsters in showing their cats. My own breeding of cats has included British, Persian and Exotic, and ownership has extended from Domestic Shorthairs to Japanese Bobtails.</p> <p>I have judged in all over Australia and New Zealand, as well as in the United Kingdom, the Netherlands, Belgium, Finland and Denmark. My administrative roles have included President of the Cat Association of Tasmania, President of the ACF (Inc.) Judges' Guild as well as club and show management positions. It is always a pleasure to share the knowledge and love of cats at shows.</p>	 <p style="text-align: center;">HELEN FARMER</p>
<p>Fiona's introduction to the cat world was with a rescued Domestic kitten, which at 10 days old needed a helping hand and a lot of care. Mignon was joined a year later by a handsome white Russian boy in 1995. Odessa White Knight (Kimba) was her introduction to showing cats. Since then Fiona has been involved with many facets of showing cats. Fiona became a steward a couple of years later and then completed the GCCFSA Group 3/4 Judges course, currently working towards completing the Group 1 and 2 Judges courses. Fiona enjoys the experiences that judging provides and seeing so many beautiful cats.</p> <p>Fiona started breeding Russians in 2000 under the prefix of 'Myenya' with a lovely Odessa female and has gone on to have many successful exhibits on the show bench. Fiona has been involved with the Foreign Shorthair Cat Club and the Governing Council of the Cat Fancy of SA for many years.</p>	 <p style="text-align: center;">FIONA HAWKINS</p>
<p>Dr. Isobel Johnstone has had a lifetime career as a Veterinary Scientist at The University of Queensland (UQ). Isobel has bred Abyssinians since 1976 and, although she no longer breeds Abys, they of course still share her home. She has vetted at cat shows for 20 years.</p> <p>Isobel joined the Siamese and Shorthair Cat Club of Queensland in 1976 and is now a life member. She has been that club's Secretary and Treasurer. Needless to say, she is also an experienced show manager. In addition to being a long-serving, senior judge, Isobel has held positions over the years as a tutor judge; been Chairperson of Judges Associations and Guilds; and has been a delegate to, and on, committees of various cat organisations. Isobel became a Group Three Judge in 1983; a Group Two Judge in 1987; and an All-breeds Judge in 1997 and has judged extensively in Queensland and interstate as well as in New Zealand.</p>	 <p style="text-align: center;">ISOBEL JOHNSTONE</p>
<p>My wife and I started off in the cat world in 1981 showing and breeding Siamese and Orientals after many years in the pedigree dog world, in my case from the age of 4. We obtained our first Abyssinian in 1985 and bred under the Devaraja prefix until 2005. We also own a Japanese Bobtail, who is an absolute delight and are now showing and breeding Norwegian Forest Cats in a small way.</p> <p>I obtained my Group 3 judge's licence with the Feline Control Council of Victoria in 1995. In 2001 we moved to Tasmania and joined the Cat Association of Tasmania where I qualified as a Group 1 judge in 2005. In 2008 I completed my Group 2 licence to become all breeds. I have been fortunate to have judged in Victoria, Tasmania, South Australia, Queensland, New South Wales, the Australian Capital Territory, the Northern Territory, Malaysia and New Zealand. I am delighted to have been asked to again judge for the ACF National Show, particularly in its 40th year.</p>	 <p style="text-align: center;">GREG LITTLE</p>
<p>It was while I was looking for a black Oriental that I was convinced by a cream Burmese that she was in fact, the cat for me. I was therefore first introduced to Cat Showing with the purchase of "Fioric Crème Biscayne" in 1993. I then ventured into breeding under the Corbetti prefix later that same year, which resulted in some successful Best in Show winners being produced, and my Burmese family grew over time. I was introduced to the Bengal breed in 1997/98, and further Best in Show successes with 2 neuters "Marube Taw" and "Marube Rajah", and commenced breeding Bengals in 1999.</p> <p>After a couple of years' experience working at shows, I qualified as a Steward with the then RASCC in NSW, then in 2000 ventured into NSW CFA Group 2 Judges training. By the end of the Group 2 Judges training, I had introduced Oriental Shorthair and Siamese to the Corbetti prefix, and commenced breeding Balinese, Oriental Longhair under the SiaJavi prefix. I thoroughly enjoy Judging my first true love of the feline family, the Siamese and their beautiful relatives the Balinese, and Orientals. I am honoured to be invited to shows in order to handle and assess these exquisite felines, thank you</p>	 <p style="text-align: center;">DEBORAH NUGENT</p>
<p>I started breeding Birmans in 1991 under the prefix Belshogar. Over the years I have won many Supreme Exhibit awards and Best in Shows at a number of Nationals. At a State level my Birmans have achieved Kitten and Cat of the Year Awards and I also showed my Persian neuter to QFA Desexed Cat of Year in 2007.</p> <p>After 20 years I decided to retire from breeding to devote more time to running my cats only quality boarding cattery with my husband Garry in Brisbane, while sharing our lives with 2 Poodles, 12 Birmans, 1 Persian and our new addition a very special natured Burmese who we all adore.</p> <p>After gaining my Companion Cat judge's licence, I went on to gain my Group 1 judge's licence in 2008 and am currently half way through my Shorthair Judge's Training with QFA Inc. which has given me an appreciation and love for so many more breeds. I have always been highly involved in the cat fancy holding numerous positions over the years and currently Vice President and Shorthair Registrar with QFA Inc. I am honoured to be a Life Member of the Birman Cat Fanciers of Qld.</p>	 <p style="text-align: center;">MARISA THISTLEWAITE</p>

ABOUT ACF (INC.)

The inaugural meeting of various different cat organisations in Australia was held in Melbourne in 1972 where the subject of a National Cat Federation was discussed and a steering committee was formed to produce a draft constitution, so Victoria is the sentimental favourite as a location for the Ruby Anniversary Show. The Australian Cat Federation (Inc.) is a National recommendatory body with affiliates in all States and the Northern Territory. The ACF has endeavoured over the years to bring uniformity to the cat fancy in various key areas which have an effect on cat breeding and cat showing.

For the first time in its 40 year history, we are running a 'truly national' National. Team 2012 consists of state representatives from across the country. It's not just the show on the National weekend. It's the Annual General Meetings of ACF and its Judges' Guild and a seminar to which all are welcome. We are extremely excited to have **Professor Leslie Lyons of UC Davis** as our keynote guest speaker!

AUSTRALIAN CAT FEDERATION (INC.) NATIONAL SHOW RULES

PLEASE READ THE ACF SHOW RULES BELOW CAREFULLY.

- All exhibits, local and Interstate, excepting unpedigreed must be registered with and issued with an approved registration number by a recognised controlling body or be eligible under By-Laws 1.3
- All litters must be recorded with the recognised controlling body and must be a minimum of 12 weeks of age on the day of the show.
- Kittens will not be eligible for individual kitten classes below the age of 12 weeks on the day of the show.
- The number of kittens in each litter must be stated on the entry form. The Show Secretary must be notified prior to the show date if any kitten(s) included in the litter have died since the entry.
- All cats and kittens must be immunised against F.I.E. with the exception of young kittens which may be given a temporary or partial vaccination at the discretion of the veterinarian.
- All adult cats entered for competition, including titled cats, must compete in their appropriate Open class (whether entire or desexed). Kittens must be entered in their individual age classes (under 5, 7 and 9 months) unless entered as litter only (under 4 months). Pairs, braces and teams must be owned by the one exhibitor.
- No cats obviously pregnant may be exhibited. No cats obviously nursing a litter may be exhibited without her litter. No vasectomised cat may be exhibited. No female cat desexed by tubal ligation may be exhibited.
- Entries must be made on the appropriate entry form and must be in the hands of the Show Committee by the stated closing time. All entry fees must accompany the entry form. Entry fees will not be refunded under any circumstances.
- The Show Committee reserves the right to refuse or return any entry or entries. Exhibitors, whose entries are refused, are to be notified in writing by registered mail within seven (7) days of close of entries, a Copy of such letter to be forwarded at the same time to the Secretary of the ACF Inc.
- The age of all exhibits shall be computed from the day of their birth to the day of the show,
 - Kittens: exhibits under nine (9) months of age, and
 - Cats: exhibits nine (9) months of age and over on the day of the show.
- An exhibit must be the bona fide registered property of the owner or lessee in whose name it is entered. If owned by more than one person, the names of all part owners must be shown on the entry form.
- One free pass will be issued to the exhibitor. These passes are not transferable. Where the exhibitor is a partnership, whether owner or lessee; additional free passes may be issued, equivalent to the number of exhibits entered or members of the partnership whichever is the lesser.
- The ACF Inc. will be most anxious for the care and safety of the cats and kittens brought or sent for exhibition or any other property entrusted to it, but it must be strictly understood by all exhibitors, and all other persons, that this body will not accept responsibility for the loss, damage or detention of any exhibit or any property, whether arising from accident or other cause by its officers, agents or any other person. **ALL PERSONAL PROPERTY LEFT IN THE HALL IS THE OWNER'S RESPONSIBILITY.**
- No cat or other animal, other than exhibits, shall be allowed within the precincts of the exhibition for the duration of the show.
- All exhibits must be brought to the hall in suitable baskets or containers. No exhibit will be accepted if on leads, wrapped in towels, etc.
- No exhibit shall enter the hall if it has at any time during the period of thirty (30) days immediately preceding the day of the show been in a cattery affected with Feline Enteritis or infectious disease. If a cat is under treatment for any complaint, it should have a certificate from the attending veterinarian as to contagious possibilities or otherwise. The certificate must be handed to the Show Veterinarian before the examination, or where 17 (b) applies, to the Show Manager who will arrange vetting of the exhibit. The final decision will rest with the Show Veterinarian. People from an infected cattery should not be permitted to officiate at cat shows.
- All exhibits must pass the Veterinary Inspection.
 - A duly qualified Veterinary Surgeon shall examine each cat, whether entered for competition or exhibition only, or
 - A Veterinary Surgeon shall be present at the show from 7:30 am until midday, inspecting animals of his selection during that period. Entry to bays during judging not permitted except at show manager's request.The Veterinary Surgeon shall order any cat to be removed from the show if, in his/her opinion, it is suffering from any infectious or contagious disease or has external parasites. Their decision in this regard shall be final. Should the Veterinarian reject one of an exhibitor's cats or kittens all the exhibitor's entries may be rejected.
- A Veterinarian shall examine all adult entire male cats for entirety, if found to be monorchid or cryptorchid the Veterinarian will disqualify.
- If during the course of the show, an exhibit should be found to be ailing, or distressed through any cause, the Show Manager may at his/her discretion request the exhibit be removed from the hall.
- While ACF Inc. take every care of animals entered in a show, all entries are accepted at the owners/lessees risk.
- Plain white or coloured curtains (if used) and towel or blanket must be in cages prior to the commencement of judging. No other distinguishing objects are allowed until judging is completed but hot water bags, covered with plain material only, will be permitted in winter. Non distinguishing litter trays may be in the cage during judging.
- No foodstuffs are allowed in cages prior to judging but drinking water may be provided.
- Litter trays must be provided by exhibitors.
- Grooming of exhibits benched may be continued until exhibitors are requested to leave the judging area prior to judging. Aerosol sprays, methylated spirits and powdering are prohibited in the Show Hall. Transgression will result in the disqualification of the exhibit.
- Boxes, baskets etc. must be placed out of sight after the exhibit is benched.
- Late arrivals will only be accepted at the discretion of the Show Manager but exhibits not in their cages when the judges are called to the floor will automatically be disqualified.
- No cat or kitten may be removed from the vicinity of its cage without special permission from the Show Manager.
- No exhibit may be removed from the hall before completion of prize-giving without the permission of the Show Manager.
- The Show Committee reserves the right to amend Prize Lists.
- All exhibits at ACF Inc. shows are judged according to the Standards of the ACF Inc. No breed numbers will be used. All breeds and colours and patterns will be fully written.
- The ACF Inc. show will contain the following sections for competition:-

<i>GROUP 1</i>	Persian, Exotic, Birman, Turkish, Ragdoll, Maine Coon Norwegian Forest Cat, Siberian
<i>GROUP 2</i>	Siamese, Foreign White, Oriental Shorthair, Balinese, Foreign White Longhair, Oriental Longhair.
<i>GROUP 3</i>	Other Shorthairs and Somali, Scottish Fold Longhair, Scottish Longhair, Cymric, Selkirk Rex Longhair, LaPerm Longhair.
<i>GROUP 4</i>	Companion Pets.

EXPERIMENTAL/ASSESSMENT: All new and developing breeds/varieties.
- Desexed exhibits shall not compete against entire exhibits except where special regulations apply as in side classes such as eye colour etc. or for Supreme Exhibit. For Top 5/10 Kittens, desexed and entire kittens will compete together.
- Challenge and Award of Merit certificates will be awarded for Best Male, Best Female, Best Neuter and Best Spey in each colour (A.O.C. and unpedigreed excepted or where special regulations apply) irrespective of the number of entries, provided the exhibits reach the standard required by the judge. Challenge and Award of Merit certificates awarded to Supplementary Register exhibits must be marked with the letters "S.R.". However, Sub-Register status will not be indicated on the Judges' slips. Companion Merit Award will be allowed for Best Neuter and Best Spey.
- A Judge's decision on the merit of an exhibit shall be final unless such decision is contrary to the rules under which the show is conducted. Judges shall be empowered and instructed not to award any prize, Challenge or Award of Merit Certificate or Companion Merit Award to any exhibit which they consider is not of sufficient merit. The judge may award a second place and may withhold a prize altogether where the exhibits are not, in his opinion, of sufficient merit.
- Any exhibit which is unable to be handled by the judge will not be judged. Any exhibit found to be under sedation will be disqualified.
- Officiating judges may enter exhibits in competition providing they are only entered in sections in which they are NOT officiating. Such judges are categorically excluded from conferring with judges of cats in sections in which they are exhibiting and from sitting on any panel including for Supreme Exhibit in the event that any exhibit owned by such judges should be presented to such panels. Such judges/exhibitors cannot present exhibits for vetting, nor bench any exhibit. Officiating Judges may put cats on exhibition.
- Where possible stewards will not assist judges in classes in which they have entered exhibits.
- Each judge will submit his Best and Reserve Special Awards to the Show Management for submission to the Panel judging Supreme and Reserve Supreme Exhibits. Panel judging may be used at the discretion of the Show Committee for any category, but all decisions of the individual members of the panel must be by ballot.
- In the event of a split decision during panel judging, the panel will be instructed to determine between two of the exhibits, and then between the winner and a third exhibit and so on until an overall winner is established.
- Any complaint regarding the management of the show must be made in writing to the ACF Inc. secretary together with \$20.00 fee, within two (2) days of the show. The fee will be refunded if the protest is upheld.
- No cards or ribbons, other than those won at the show, may be displayed.
- Supplementary register exhibits shall compete against full register exhibits in their appropriate classes if they are, or have been, part of an approved program aimed at producing cats of an established breed/variety and standard in the Open Classes where Challenges and Award of Merit certificates are awarded. Such cats are eligible for these awards but the certificate shall bear the letters "SR" before the name of the cat. Exhibits of a new variety (colour, marking, coat quality) of an established breed shall compete in Open Classes for AOC/AOV exhibits. The proposed standard of points must be forwarded with the entry. Supplementary Register exhibits are eligible for Best of Breed/Variety and Best in Show Awards.
- All cats entered for competition shall have all claws clipped.
- Judges are instructed to ignore tattoo marks and other similar forms of identification (e.g. reaction to microchip insert) in show cats. Signs of a cat having been shaved for Autosomal Polycystic Kidney Disease screening shall not be penalised on the show bench.
- A list of all past winners of the Supreme Perpetual Trophy will be recorded in each National Show Catalogue.
